Dear Mr. Gitlitz:

This letter will confirm the agreement ("Agreement") reached between Avis Budget Car Rental, LLC and General Motors ("GM") regarding Avis Budget Car Rental, LLC's ("ABG") purchase or lease of GM vehicles for model year 2008. The details of this Agreement are as follows:

2008 MODEL YEAR

1. Avis Budget Car Rental, LLC will purchase or lease from GM dealers of their choice a minimum quantity of 2008 model GM vehicles under the terms and conditions of GM's 2008 Model Year Daily Rental Purchase Program (refer Attachment 1). Avis Budget Car Rental, LLC has agreed to purchase these GM vehicles in a mix which includes a considerable number of GM's higher priced models and which represents a higher percentage of these units than Avis Budget Car Rental, LLC otherwise would purchase. The agreed mix of units is listed in Attachment 2.
 - a. GM or its subsidiary will purchase such model year 2008 vehicles from Avis Budget Car Rental, LLC (to the extent tendered to GM or its subsidiary) in accordance with the terms and conditions of GM's 2008 Model Year Daily Rental Purchase Program.

 2. GM agrees to offer Avis Budget Car Rental, LLC the availability of the YT1 2008 Model Year Daily Rental Short-Term Purchase Program with a cap of [REDACTED] of the total volume purchase. If the limits for YT1 are exceeded, GM will request reimbursement for depreciation for the number of units that exceed the YT1 limits. Refer to Attachment 3 for program guidelines. Specified rates and brands are described in Attachment 3A.
 - a. GM or its subsidiary will purchase from Avis Budget Car Rental, LLC (to the extent tendered to GM or its subsidiary) vehicles acquired by Avis Budget Car Rental, LLC under the YT1 2008 Model Year Daily Rental Short-Term Purchase Program in accordance with the terms and conditions of such YT1 2008MY Daily Rental Short-Term Purchase Program.

 3. Avis Budget Car Rental, LLC agrees to the following conditions for all production after April 16, 2007:
-

- a. Avis Budget Car Rental, LLC will attempt to place orders no more than 30% or less than 20% of a months production in any week provided GM can make such a production commitment. After two weeks of moving orders to event code 3000 for a given production period the orders will be deemed to comply with the limitation indicated above.
- b. All vehicle minimum equipment requirements will be placed for production on a monthly basis.
- c. Any vehicles which do not meet the minimum equipment requirements will be deducted from the Model Year Bonus.

- 4. In exchange for ABG's Agreement to purchase, promote, and service the number of 2008 models and in a vehicle mix satisfactory to GM, as described in Attachment 2. GM will provide Avis Budget Car Rental, LLC with a per unit amount detailed in Attachment 2 in addition to any incentives due under the terms and conditions of GM's 2008 Model Year Daily Rental Purchase Program. Payment of these per unit amounts will be made upon submission of such vehicles in accordance with Paragraph 8
- 5. Avis Budget Car Rental, LLC shall purchase 2008 models noted in Attachment 6 under the terms and conditions of the 2008 Model Year National Fleet Risk Purchase Program (VX7 Program - refer to Attachment 5 for program guidelines) and in exchange GM agrees to provide a per unit amount detailed in Attachment 6 in addition to any incentives due under the terms and conditions of GM's 2008 Model Year National Risk Purchase Program. All incremental monies due to up level minimum trim requirements will be paid in September of 2008 after purchase requirements have been verified by General Motors. Payment of these amounts will be made upon submission of such vehicles in accordance with Paragraph 8.
- 6. GM agrees to provide the following total model year volume bonus payment, providing Avis Budget Car Rental, LLC meets the required total model year volume commitment, placing final model year orders for production by July 31, 2008. Avis Budget Car Rental, LLC's vehicle production orders must be accepted in GM's Vehicle Order Management System (VOMS) by April 16, 2008.

Model Year Bonus	Volume 08MY	08MY Order Bonus	08MY Order Bonus (\$/Unit)
Orders placed in VOMS by April 16, 2008		[REDACTED]	

The total model year volume bonus will be paid on applicable volume in August of 2008, dependent on Avis Budget Car Rental, LLC's total 2008 model year production as of July 31, 2008.

Above required volume is a combination of Daily Rental Purchase Programs (VN9, YT1) and National Rental Program (VX7) units and includes the total of purchases made by Avis Budget Car Rental, LLC as part of the total volume requirement for the specific bonus level attainment.

If Avis Budget Car Rental, LLC exceeds the highest volume bonus level as noted above, GM will maintain the \$/per unit payment for each unit at or above that level. All payments of the above sums will be made in September of 2008, and handled under the terms and conditions of Paragraph 8 excluding the requirement of the electronic media transmission to RIMS.

All vehicle minimum equipment requirements must be met by carline and by program (VN9 or VX7) per the terms of Attachments 1D, 3B, and 5A. If minimum equipment requirements are not met by Avis Budget Car Rental for the carline, [REDACTED] unless Avis places an order for and General Motors cannot build any of such vehicles with the required minimum equipment. As an example, if minimum equipment requirements are not met for Impala under the VN9 program (Attachment 1D, 3B), [REDACTED] provided that GM can build the vehicles with the required minimum equipment.

7. GM shall offer Avis Budget Car Rental, LLC a 2008 Model Year Reclassification Program. The 2008 Model Year reclassification payments will be based upon the attached schedule and guidelines. (See Attachment 4 and 4A). Avis Budget Car Rental, LLC must submit [REDACTED] of the total 2008 model year daily rental vehicle purchases (excluding any type of rejected turn-back vehicles) before GM will process any incentives toward a reclassification application. These vehicles must be identified by VIN through electronic media transmission to GM (C3 De-Enroll File Format). Once processed, these units will be identified in the GM's Auction System (RIMS) as permanent auction rejects and will be ineligible for return to GM. GM agrees to remove from the calculation of the requirement of an average of [REDACTED] prior to resale, any vehicle(s) that are taken out of the normal used vehicle stream of commerce by virtue of being damaged and not repaired and sold in that condition.
 8. GM will pay to Avis Budget Car Rental, LLC a pro rata portion of the per unit amount described in Paragraphs 4, 5, 6, and 7 by the 25th day of the month following vehicle delivery and receipt of an electronic media transmission to GM's Remarketing Information System (RIMS) by GM, provided GM receives Avis Budget Car Rental, LLC's electronic media transmission by the last business day of the month. It is understood that payment of the sums due to ABG in Paragraph 6 are based upon achieving the minimum purchase volume requirements cited in those paragraphs and the related schedules. It is further understood that any payments received prior to attaining the indicated volume will be returnable to GM at the close of the model year should the volume not be attained by ABG. An electronic media transmission received after the last business day of the month will be
-

paid by the 25th of the following month. This electronic media transmission must include VIN numbers on the portion of the minimum quantity of units detailed in Attachment 2 and Attachment 6, delivered in the preceding month, and not covered in previous payments. Application for this incentive must be made no later than December 31, 2008.

9. In the event that Avis Budget Car Rental, LLC does not purchase or lease the agreed number of vehicles at the agreed mix stated in Attachment 2 and Attachment 6, save for GM's failure to deliver, all payments made to Avis Budget Car Rental, LLC as described in Paragraph 8 by General Motors will be reimbursed to GM on demand subject to Paragraph 12.
10. In the event Avis Budget Car Rental, LLC chooses to cancel any order placed by Avis Budget Car Rental, LLC through GM dealers, at event code 3000, GM will assess a penalty of \$500 per vehicle to be paid to GM upon demand. This penalty will be waived if the current production week has been delayed more than three weeks from the original requested production week. Further, this penalty will not apply if Avis Budget Car Rental, LLC chooses to redirect the shipment of any vehicles in event code 3000.
11. All volume and mix requirements are subject to reasonable minor adjustments based upon mutual agreement between the parties. It is understood that these adjustments may require Avis Budget Car Rental, LLC to purchase a comparably priced mix of product.
12. In the event that either party cannot fulfill any terms of this Agreement due to events beyond its control, such as acts of God, acts of terror, labor disputes, or severe economic downturn as defined by the Federal Government, the parties will enter negotiations with the intent of allowing both to continue business without substantial penalty.
13. Avis Budget Car Rental, LLC agrees that in all advertising and promotional materials, developed for its Avis brand during the 2008 Model Year (September 1, 2007 through August 31, 2008), Avis advertising will feature only General Motors products where any vehicle is featured or promoted. Consequently, when Avis advertising or promotional materials feature or promote a vehicle, a General Motors product shall be featured and promoted provided GM manufactures a vehicle in the advertised segment in accordance with the custom of the Rent A Car industry with a tag line substantially similar to the following:

"We feature (Trade name GM vehicle) and other fine GM vehicles"

Refer to Attachment 7 for further guidelines relative to advertising and promotional materials. In the event GM is not represented in a given segment, or is represented but chooses not to sell vehicles in that segment to Avis Budget Car Rental, LLC, Avis Budget Car Rental, LLC is free to promote a non-GM vehicle in that rental segment. It is the intent of AvisBudget Car Rental, LLC to feature General Motors products at its Avis brand including Avis advertising, and promotions. This commitment will not apply to activities that are internet based. It is understood that vehicles will be moved between Rent A Car brands owned by Avis Budget Car Rental, LLC (& #8220;Avis"/"Budget)

14. If Avis Budget Car Rental, LLC purchases an existing Avis Licensee or substantially all of the assets of an existing Avis Licensee during the 2008 model year, and such existing Avis Licensee is:

A participating Avis Licensee under the terms of the Agreement between the Avis Licensee Association and GM dated October 1, 2007 ("ALA Agreement"), GM agrees to accept an assignment to Avis Budget Car Rental, LLC of the purchase volume, mix, and monies identified in the Participation Form executed by the Participating Avis Licensee under the ALA Agreement;

Provided such agreement is signed by such existing Avis Licensee, the Avis Licensee Association, if applicable, and Avis Budget Car Rental, LLC, and is in a form acceptable to GM.
 15. If Avis Budget Car Rental, LLC purchases an existing Budget Licensee or substantially all of the assets of an existing licensee during the 2008 model year, and such existing Budget Licensee is:

A participating Budget Licensee under the terms of the Agreement between the Car Rental Licensee Association and GM for the 2008 Model Year, GM agrees to accept an assignment to Avis Budget Car Rental, LLC of the purchase volume, mix, and monies identified in the Participation Form executed by the Participating Budget Licensee under the Car Rental Licensee Association Agreement;

Provided such agreement is signed by such existing Budget Licensee, the Car Rental Licensee Association, if applicable, and Avis Budget Car Rental, LLC, and is in a form acceptable to GM.
 16. GM will provide Avis Budget Car Rental, LLC with GM's 2008 Model Year Daily Rental Purchase Program depreciation rates as detailed in Attachments 1, 1A, 1B, and 3A on the units described in Attachment 2. GM agrees that if such depreciation rates are reduced, Avis Budget Car Rental, LLC will receive a similar reduction.
 17. Avis Budget Car Rental, LLC will provide to GM, at the beginning of each month, a schedule of anticipated purchases of 2008 model year vehicles (model year fleet plan) by division and car line, by month and model year. Avis Budget Car Rental, LLC, at a minimum, also agrees to provide to GM, by mid-month, a schedule of vehicle returns by month for the next 3 calendar months and to provide GM at the end of each month, a schedule of 2007 and 2008 model vehicle returns by month for the 2007 and 2008 calendar years. Receipt of the information described in this Paragraph is a condition of payment of the amounts discussed in this Agreement.
 18. Avis Budget Car Rental, LLC shall retain any documents or records relevant to vehicles purchased under this Agreement or any GM program and/or claims submitted for payment under this Agreement or any other GM program for two years after the close of the program. Avis Budget Car Rental, LLC agrees to permit any designated representative of GM to examine, audit, and take copies of any accounts and records Avis Budget Car
-

Rental, LLC is to maintain under this Agreement. Avis Budget Car Rental, LLC agrees to make such accounts and records readily available at its facilities during regular business hours. GM agrees to furnish Avis Budget Car Rental, LLC with a list of any reproduced records.

19. Part of the consideration for Avis Budget Car Rental, LLC's entry into this Agreement is GM or its subsidiary's continuing obligation to purchase vehicles from Avis Budget Car Rental, LLC in accordance with the terms of GM or its subsidiary's 2007 Model Year Daily Rental Purchase Programs. Accordingly, it shall be a condition to Avis Budget Car Rental, LLC's obligations to purchase vehicles under this 2008 Model Year Daily Rental Purchase Program Agreement at any time that GM or its subsidiary has performed its vehicle purchase obligations in all material respects with respect to eligible vehicles tendered by Avis Budget Car Rental, LLC and under the terms of GM or its subsidiary's 2007 model year Purchase Programs.
20. Avis Budget Car Rental LLC agrees that it shall hold harmless General Motors Corporation, its subsidiaries, affiliates, or agents from any and all liabilities arising from making available auctions which it may sponsor, promote, organize, or otherwise create as a facility for sale of vehicles by an authorized auctioneer for the benefit of Avis Budget Car Rental LLC, except for the gross negligence or intentional misconduct by any of the indemnified parties.

GM and Avis Budget Car Rental, LLC agree that vehicle mix and production timing provided to Avis Budget Car Rental, LLC in Model Year 2009 through Model Year 2011 will be mutually satisfactory to both parties. GM and Avis Budget Car Rental, LLC also agree that the volume and mix of vehicles within the purchase categories, VX7, VN9 and YT1 will also be mutually satisfactory to both parties.
25. During the term of this Agreement, provided GM can meet Avis Budget Car Rental, LLC's Fleet Purchase requirements, Avis Budget Car Rental, LLC agrees that in all Avis brand advertising and promotional materials, which Avis Budget Car Rental, LLC undertakes for future model years, Avis will feature only General Motors products where any vehicle is featured or promoted as defined and outlined for the 2008 model year in Paragraph 13. Final incentives will be negotiated for each model year. These sums are in addition to any incentives due under the terms and conditions of GM's Model Year Daily Rental Fleet Programs, if any are available.

9. **FINAL DATE FOR SUBMISSION OF APPLICATIONS AND RESOLUTION OF ALL APPLICABLE REJECTS:** Not Applicable

10. **POLICY FOR CORRECTING VEHICLE PROGRAM STATUS:**

Units are eligible to be moved from one program type to another upon submitted request to General Motors. Based on verification and approval by General Motors, vehicles will be invoice adjusted in BARS to reflect a change in program enrollment. BARS will electronically transmit an updated Enrollment Record to RIMS within 3 business days thereby acknowledging the change through out all General Motors systems. For example, units can be moved from long-term tiered depreciation programs to short-term flat rate depreciation programs or vice versa. Some examples of acceptable situations are errors due to GM VOMS order editing tables and customer/dealer order entry (Note: Examples listed are not intended to be an inclusive list of acceptable reasons for change. Other reasons may also be valid).

General Motors will make every effort to accommodate request to rectify errors in program status. Unfortunately General Motors can not correct program status errors outside of its control. It is the responsibility of the rental account to identify such problems and make request on a VIN detail basis prior to the vehicle entering the auction process. Changes will not be considered after the vehicle has a valid Grounding Record in RIMS.

Request for program change on 2008 model year vehicles must be made prior to December 31, 2008 and 15 business days prior to a valid grounding record in RIMS. No change will be considered on in-service vehicles outside of this policy.

11. **OTHER PROGRAM GUIDELINES:**

A. This is the General Motors guideline regarding the definition of a "rental" vehicle:

"The bona fide rental of a vehicle involving use and payment by a customer on an hourly, daily, weekly, or monthly basis. Usage of any such vehicle(s) by a customer for a period of four (4) consecutive months or longer shall be deemed to constitute leasing and not rental and will make the vehicle ineligible for purchase."

removed from the yard until the repair order is available. A \$75.00 re-inspection fee will be charged when the vehicle is returned with the requested repair order.

 4. For "Poor Prior Repairs" valued at \$500 or less, GM will accept the vehicle and charge the estimated repair cost to the Major Daily Rental Company under the MET program.
 5. For "Poor Prior Repairs" valued at over \$500, GM will consider the vehicle "Currently ineligible."
 6. If a vehicle is identified as "currently ineligible" as a result of a tire problem, unacceptable glass, inoperable item (e.g. light or horn) or other mechanical reason, such as warranty repair, GM will allow the unit to be gate released, repaired for these reasons only, returned and re-inspected without the Major Daily Rental Company having to repair the existing chargeable damages, regardless of dollar amount (over or under \$400). The \$75 Re-inspection Fee will apply.
 7. If the return unit has had partial repairs on any chargeable damage that was identified on the unit when it was originally inspected, the entire vehicle must be repaired to zero dollars (\$0) chargeable. The intent is to not allow partial repairs to chargeable damages facilitating the avoidance of charges by the Major Daily Rental Company in bringing the current damages below the \$400 chargeable allowance.

The following are acceptable conditions with regard to all tires except the Space Saver spare tire. Any vehicle with a full size spare must meet the same inspection criteria as a road tire:

1. The space saver spare tire used on most General Motors vehicles do not fall into the same criteria as the other four road tires. The space saver spare must be in the vehicle, inflated and undamaged. The minimum 5/32 inch tread depth cannot be used as these tire's tread depth varies by manufacturer. They also may not be the same make as the road tires.
2. All tires must have 5/32 inch or better original tread across all primary tread grooves without any exposed belts. The spare tire is not required to have 5/32 inch tread depth. Tread depth is not an inspection criteria.
3. All tires must match by size, make and type. The spare tire may not match by make to the road tires.
4. Only GM original equipment tires or GM approved replacement tires are acceptable. Refer to Exhibit F - GM Approved 2007 Replacement Tire Table.
5. When the replacement tire shown in Exhibit F is not available the first step should be to contact the tire manufacturer through their Customer Assistance phone number. This information is located in the Tire Warranty Book included with the vehicle's warranty information. If the replacement tire cannot be located a replacement exhibiting the same TPC code as the original tire may be used, however, all tires must match by size, make and type.
6. Tires without a TPC rating or when another manufacturer cannot supply the same TPC rated tire, any other OE supplier shown on Exhibit F can be used as long as the tire matches the original by size, load rating and speed rating. The same rule as above will apply, all four tires must match by size, make and type.
7. Tires with mushroom-type plug/s, installed from the inside out, in the tread only, are acceptable. All other plugs/ patches are not acceptable. General Motors reserves the right to charge the Major Daily Rental Company via the MET Tire Program for any unacceptable plugged tire found and replaced prior to the sale of the vehicle, with no right to review.
8. Exhibit G - MET Tire Program, provides details for tire replacement under the MET program. This program is available to Major Daily Rental Companies at their discretion.

C. Keyless remote / key fobs must be operational. Key fobs that are not functional will be charged \$30.00 for re-programming. Missing key fobs will be assessed the programming fee, which is included in the Met fee for the missing key fob(s).

V. VEHICLE INTEGRITY

A. Damage which compromises the integrity of the vehicle, repaired or not, will be grounds for rejecting the vehicle as a permanent reject. Minor damage that has not been repaired (i.e., small dents, scrapes, or scratches) which does not compromise the structural integrity of the vehicle is acceptable on the following components:

1. Floor Panel / Trunk Floor
2. Mid – Rail Assembly (See Exhibit D, Part 1)

A cosmetic repair to frame rails does not include adding body filler / Bondo. This practice will permanently reject the vehicle.

D. Repaired damage or replacement of the following components is acceptable:

2. Frame Rail Extensions
3. Engine Sub-Frame
4. Outer Rocker Panel
5. Rear Body Panel
6. Quarter Panel (Proper Sectioning is Acceptable)

If a Major Daily Rental Company attempts to return vehicles with non-disclosed damage, or purposely conceal prior repairs, it will result in GM refusing to accept additional vehicles for turn-back.

VII. GENERAL TURN-IN PROCEDURES

A. FORECAST

1. At least 30 days prior to vehicle turn-in, the GM Remarketing Department is to be notified, in writing (E-mail) by the Corporate Office of the Major Daily Rental Company of the following:
 - a. Turn-in location
 - b. Quantity

Please E-mail this forecast to your Account Representative. E-mail address can be found in Section IX-C.

2. Two weeks prior to turn-in, the Major Daily Rental Company is to advise the GM approved turn-in location of tentative quantities and days for turn-in via written confirmation. Subject to the turn-in limits set forth in the last sentence under Subsection E. Acceptance below, GM reserves the option to limit daily returns, provided the limits are consistent with the practical limitations of the turn-in sites and their staffing. Failure to comply with this procedure may result in GM's refusal to allow any vehicle to be returned, thus delaying the actual acceptance date.

B. DELIVERY

Vehicles returned for repurchase shall be delivered to a GM approved turn-in location and parked in the designated return area at no expense to GM. A list of GM approved locations is attached and is subject to change at GM's discretion (Exhibit D). Normal operating hours for delivery is 8am to 5pm, Monday through Friday. The Major Daily Rental Company should allow sufficient time to prepare the vehicle for turn-in, i.e. clean, vacuum, repaired/replaced items, etc.

C. INSPECTION

1. Vehicles will be inspected by an authorized representative of GM, using the electronic Form AD006. The initial vehicle inspection will be provided to the Major Daily Rental Company at General Motor's expense. The Major Daily Rental Company will be charged \$75 for each inspection and/or verification required after the initial inspection. Hawaii vehicles will be charged \$115 for each inspection required after the initial inspection.
2. The \$75 re-inspection fee will be charged when a vehicle has been previously inspected and removed by the Major Daily Rental Company prior to acceptance, or when the Daily Rental Company replaces MET items.

D. REVIEWS

1. The Met/Non-Met report will be printed twice daily - at mid-day and end-of-business (5:00 PM). The end-of-day report will not contain the day's summary but rather summarize what was completed after the mid-day report.
 2. Vehicle worksheets are printed and available throughout the day.
-

GENERAL MOTORS 2007 CALENDAR YEAR
DAILY RENTAL GUARANTEED RESIDUAL PROGRAM
TURN-IN STANDARDS and PROCEDURES
Effective for all vehicles inspected and accepted on or after March 19, 2007

3. Reviews can be conducted throughout the day. However, reviews must be completed prior to three (3:00) PM the day following printing of the worksheet. This will permit prompt shipment of vehicles. If the review is not completed prior to three (3:00) PM, the vehicle will be processed as per the original inspection.
4. Vehicles with current damage not exceeding \$400 and MET charges collectively not exceeding \$40 will be processed as written, with no right to review. Keyless entry key fob programming is not included in the \$40 total and is not considered a reviewable MET charge.

E. ACCEPTANCE

1. A copy of the Form AD006 or an electronic file will serve as the acceptance receipt for the Major Daily Rental Company. The date used to stop depreciation will be identified on the acceptance line of Form AD006 or on the electronic file.
2. The Major Daily Rental Company will have three (3) business days from the vehicle turn-in date to provide the vehicle title to the SGS Title Center: 9805-C NorthCross Center Court, Huntersville, NC 28078 in order to receive the turn-in date as the depreciation stop date/acceptance date (should all other conditions be satisfied). The day the vehicle is turned in is considered the first business day. See Exhibit I for more details.
3. Turn-In Limits - No more than 25% of the Major Daily Rental Company's annual GM purchases can be turned-in in a single month or 30 day period. No more than 34% of the Major Daily Rental Company's annual GM purchases can be returned in the 4th quarter. In the event of a Major Daily Rental Company's bankruptcy, GM would allow the Major Daily Rental Company at its option, to turn-in vehicles subject to the Daily Rental Guaranteed Residual Program evenly over any 3 month timeframe.
4. Transportation Liability - The Major Daily Rental Company is responsible for turning the vehicle to the appropriate turn-back location for acceptance. After acceptance, GM will be responsible for logistics and collection of any subsequent damage. The acceptance process will remain unchanged and after acceptance, GM will have sole responsibility for controlling the sale.

F. PAYMENTS

1. When a vehicle accepted under the Daily Rental Guaranteed Residual Program is sold at auction, the auction will direct the net sale proceeds to the Major Daily Rental Company owning the vehicle, or its assignees. Net sale proceeds are defined as gross sales price less auction sales fees/expenses and transportation expense. The Major Daily Rental Company will receive the net sale proceeds within 2 business days after sale of the vehicle. The net sale proceeds will be forwarded to the Major Daily Rental Company's designated bank account via EFT. On a monthly basis, GM will process a true-up payment for each of the Major Daily Rental Company's vehicles sold in the previous month. The true-up payment, with respect to each vehicle, will be equal to the Guaranteed Repurchase price less penalties less net sale proceeds already transmitted. GM will process the true-up payment on the 5th work day of each month and EFT the funds to the Major Daily Rental Company on the 7th work day. Should the net sale proceeds of any vehicle exceed the Guaranteed Repurchase price less penalties, the Major Daily Rental Company that owns the vehicle will refund the excess back to GM by either an offset against other

true-up payments being paid to the Major Daily Rental Company or by payment from a manual invoice prepared by GM.

2. Each Major Daily Rental Company and GM are both interested in ensuring that the correct payments are made to the Major Daily Rental Companies by the auctions upon the sale of such vehicles. Accordingly, GM will review the net sales proceeds before they are released but will not be permitted to stop the release, except to correct for misdirected funds for which GM is responsible for making corrective payments to or collections from the appropriate Major Daily Rental Company. In the event that funds are misdirected by an auction, GM will assume responsibility for making any correcting payments to or collections from the appropriate Major Daily Rental Company. This will be accomplished via invoicing and credit payment. As a convenience to the Major Daily Rental Companies, GM will provide reporting to each Major Daily Rental Company on net sales proceeds on a daily, consolidated basis.
 3. Buyback Provision - In the event that a vehicle accepted under the Daily Rental Guaranteed Residual Program is unsold through the 90th day after acceptance, GM will transfer the vehicle from the Daily Rental Guaranteed Residual Program to the Daily Rental Acquisition Program status on the 91st day, unless GM receives instructions from the Major Daily Rental Company to the contrary by the 89th day pursuant to Section VII-H - Other. Upon transfer to the Daily Rental Acquisition Program, GM will initiate payment to the Major Daily Rental Company owning the vehicle for the full guaranteed repurchase price (less penalties) within the BARS system. The Major Daily Rental Company will be paid in approximately 7 days. The Major Daily Rental Company will assign the title of such vehicle, or cause such title to be assigned, to GM on the 91st day after acceptance. GM will perform a weekly scan of the inventory with a run cycle to occur over the weekend to avoid mid-week program changes. Should the number of returned and accepted vehicles that remain unsold for over 90 days after acceptance for any Major Daily Rental Company exceed 3% of that Major Daily Rental Company's total accepted inventory ("Excess Amount"), the auctions will be instructed not to transfer vehicle titles to GM for these vehicles until the Major Daily Rental Company has received payment from GM with respect to these returned vehicles so the Excess Amount is eliminated. Once the Major Daily Rental Company receives payment for these vehicles, GM will instruct the auctions to transfer title to GM for these returned vehicles. This metric (3%) will be calculated on a weekly basis concurrent with the scan of inventory.
 4. Late Auction Fees - In the event that a vehicle accepted under the Daily Rental Guaranteed Residual Program is unsold through the 25th day after acceptance, GM will accrue \$3.00/day owing such vehicle to the Major Daily Rental Company starting on the 26th day. On the 61st day after acceptance, the rate will increase to \$4.50/day until the vehicle is either sold or transferred to the Daily Rental Acquisition Program. Amounts accrued will be paid monthly with the true-up payment.
 5. Hawaii Vehicles - Due to the extended transportation time for Hawaii vehicles, Hawaii vehicles will be segregated in the GM system. The transfer of Hawaii vehicles from the Daily Rental Guaranteed Residual Program to the Daily Rental Acquisition Program will be implemented at 120 days vs. 90 for these vehicles and Late Auction Fees will begin accruing at \$3.00/day for vehicles in inventory over 56 days and at \$4.50/day for vehicles in inventory over 91 days.

6. General Motors does not staff, nor process payments during the Christmas holiday or any period of time General Motors is closed (e.g. two week mandatory shutdown during July). Payment processing will not resume until General Motors officially returns to work.

G. REJECTS

1. Rejected vehicles left at marshalling yards in excess of three (3) business days upon removal notification may result in no additional vehicles being approved for return.
2. Vehicles at an auction waiting for title more than 30 days must be removed by the Major Daily Rental Company. The vehicle will be classified as Currently Ineligible and will be assessed a re-inspection fee if / when it is returned. General Motors and all approved turn-in locations are not responsible for any liability regarding rejected vehicles, not removed within three (3) business days.
3. Vehicles that are classified as a Permanent Reject will be assessed a \$50 service charge. General Motors Remarketing will provide a quarterly invoice which will include the turn back location, turn-in date, VIN, and the reject reason.

H. OTHER

1. Mechanical and body shop labor rates used to calculate chargeable damage will be subject to change. The following are the current labor rates for metal repairs, paint, and mechanical (part replacement):
 - a. \$37.80 Metal Repair
 - b. \$37.80 Paint
 - c. \$38.00 Part Replacement (mechanical)
 2. **Through the 89th day after a vehicle is turned-in by the Major Daily Rental Company and accepted by GM, and the vehicle remains unsold, the Major Daily Rental Company may request the return of such vehicle, and immediately upon such request if permitted as set forth below, such vehicle will be released to or at the direction of the Major Daily Rental Company, in accordance with the guidelines set forth below.**
 - a. Rental Account request for vehicle return "prior" to acceptance
 - i. Vehicle will be temporarily rejected by General Motors and the vehicle and the title will be returned to the Major Daily Rental Company.
 - ii. If the vehicle is returned, at a later date, a \$75.00 re-inspection fee will be charged.
 - b. Rental Account request for vehicle return "after" acceptance
 - i. Payment can be stopped - The vehicle and its title will be released to the Major Daily Rental Company from its current location. A \$250 administrative fee will be charged to the Major Daily Rental Company in addition to all other expenses incurred by GM on the vehicle, including but not limited to inspection fees, shipping, marshalling yard, and auction expenses, on a cost basis.

- A. Should disqualifying damage be noted after vehicle acceptance, General Motors will invoice the Major Daily Rental Company for the vehicle purchase price, an administrative fee of \$250, plus any additional costs incurred following vehicle acceptance by GM (i.e., freight, cleanup, repairs), by a debit to current funds, or if no funds are available, a check forwarded to:

EXHIBIT D, 1 of 2

MID – RAIL ASSEMBLY

The Mid – Rails are structural components located directly below the occupant compartment of a vehicle just inboard of the inner rocker panel. They are welded to the Torque Box and the vehicle floor pan.

A. ACCEPTABLE DAMAGE

1. Minor dents in the Torque Box Cover not caused by collision.
2. Minor dents in the surface of the Mid-Rail that do not bulge, **dent or in anyway deform** the sides of the rail.
3. Stamped holes in the Mid - Rail that are enlarged or deformed but not torn.
4. Scrapes and scratches confined to the surface of the Mid-Rail not exceeding 12”.
5. Minor damage to the Mid - Rail caused by the assembly process' use of Jigs and Fixtures.

B. REPAIRS

1. There are no acceptable or approved repairs.

C. CAUTIONS / CONCLUSION

1. TIE DOWN HOLES

- a. Mid – Rails are not a component of vehicle tie down. Stamped holes in the Mid – Rail cannot not be used for vehicle tie down. Tie down slots are typically 18mm X 35mm reinforced slots in the underbody. Four to six slots per vehicle are engaged via common hardware to secure a vehicle to commercial transportation equipment.

2. JACKING AND LIFTING

- a. Significant damage to the Mid – Rail can occur from improper lifting.
 - b. Reasonable care should be taken when jacking or lifting any vehicle. Proper jack and hoist placement locations are shown in the vehicle's Owners Manual and Shop Manual.

ENGINE CRADLE

The engine cradle is generally the lowest part of the vehicle. Due to its location on the vehicle, it is subject to abrasions, scarring, and minor denting from road debris. These conditions are normal and not indicative of a product failure or evidence of prior front-end damage.

Upon inspection, minor conditions such as the above are to be noted, as non-chargeable as long as there is no disclosure of prior damage or repair to the front of the vehicle, or evidence of misalignment. The Turn Back Guidelines clearly allow the Rental Account to replace the engine cradle, as it is a bolt on part. Sectioning or pulling this part is not allowed.

MET Tire Program Replacement Tires

A MET code will be applied in the event a tire does not comply with certain parameters.

There are many advantages for such a program. For the Rental Companies, it will eliminate the delay in processing the vehicle for payment; reduce the necessity for the administrative expense of removal and return of the vehicle in the event a tire must be replaced. It will reduce the time and expense of for the gate release and re-inspection, and finally, it will improve the throughput for General Motors. The MET Charges are as follows:

MET Number	Tire Size	MET Charge
00000168	13 Inch	\$110.00
00000169	14 Inch	\$120.00
00000170	15 Inch	\$130.00
00000171	16 InchP	\$160.00
00000207	16 InchU	\$195.00
00000208	16 InchT	\$210.00
00000206	17 Inch All	\$240.00
00000607	18 Inch All	\$250.00
00000609	20 Inch All	\$310.00

Legend:

P – Passenger Car

U – Venture, Silhouette and Montana Vans

T – Blazer, TrailBlazer, Envoy, Bravada Sport Utilities, Light Truck

Exceptions:

Since the turn-back locations have no repair facilities and space is limited, a vehicle returned with a flat tire will not be accepted. Moreover, the Tire MET charges for a vehicle is limited to two (2) tires per vehicle and any mismatched or incorrect tires will not be considered for the MET tire program. Since we have assured the Auctions we will monitor this activity and keep it to a minimum as indicated by the Rental Companies, GM will maintain the option to cancel the program.

If there are any questions, please contact your GM Representative in the GM Remarketing Department.

Aluminum Wheel Repair Guidelines

The following guidelines have been established to define the extent of repairable damage to an aluminum / alloy wheel. The charge for wheels damaged as described below including mounting and balancing will be as follows: All car and truck aluminum clear coat or paint \$165.00, all car and truck polished aluminum \$235.00, all car and truck chrome plated aluminum or steel \$205.00.

- The damaged area to be repaired cannot exceed 90 degrees of the wheel's circumference, see chart below.
- Curb rash is defined as a scrape or gouge to the outboard rim flange. This is the part of the wheel where a clip-on balance weight would attach.

- On a flanged wheel (one that will accept a clip-on balance weight), the damage cannot be deeper than 7 mm or (9/32") 0.280", which is the approximate distance to the surface where the lead or steel weight rests.

7 MM or (9/32") 0.280"
Wheel Weight Flange = 7 MM

3 MM or (1/8") 0.120"

- Damage to any other part of the wheel or damage to the rim flange exceeding the above conditions is not repairable and would require replacement.
- A wheel with a crack or dent of any type is not acceptable for repair.

In-Service Requirements

Minimum In-Service Period - 5 months

Maximum In-Service Period - 12 months

Mileage Requirements:

- 0-150 days in Service - 19,000 Free Miles
- 151-365 days in Service - 24,000 Free Miles
- Excess Mileage Charge: \$0.40/excess mile

All units to be purchased by General Motors Corporation under this program must be returned and accepted by July 31, 2009. Non-returned vehicles must remain in service a minimum of six (6) months (180 days) from in-service date as noted on page 1 of these program guidelines. GM reserves the right to audit the rental company to ensure compliance with the minimum six (6) month in-service requirement. Frame, fire and/or water damaged vehicles which are ineligible for purchase have no minimum in-service period. Documentation on these vehicles must be retained on file for audit purposes.

5. **ELIGIBLE MODELS/REQUIRED OPTIONS AND/OR ORDER TYPES:**

Eligible models are all new and unused 2008 General Motors models, specified on Attachment 3A, with required minimum factory installed equipment levels specified on Attachment 3B and processing options ordered for qualified daily rental operators for use as daily rental vehicles and delivered by GM dealers.

All qualified fleet orders for eligible models received from dealers must contain a valid Fleet Order Type.

Ordering Instructions: All purchase orders must contain fleet processing option VN9, YT1 and your customer UPC processing code. Vehicles must be ordered with minimum option requirements specified on Attachment 3B.

Dealer must take full responsibility for including the proper processing option on all orders. Should errors occur in the ordering of vehicles, resulting in diversions or re-invoicing, the dealer may be charged an administrative fee.

All qualified fleet orders for eligible models received from the dealer must contain the Fleet Account Number (GM FAN) of record and account name.

The ordering entity is responsible for checking dealer order acknowledgements to verify accuracy of order submitted. Qualifying dealer orders currently on hand or in the system can be amended or canceled and reordered if they have not been released to production and the appropriate codes are included. This is the ordering dealer's responsibility.

Fleet orders submitted with Fleet Processing Option VN9 and incompatible retail incentive options will be rejected with an error message.

Colors Not Eligible for Purchase - Refer Mandatory Optional Equipment.

Required Options - Processing Option VN9+YT1 and your customer assigned UPC processing code must be ordered by the dealer on purchase vehicles to be enrolled in the 2008 Model Year Daily Rental Purchase Program. Processing Option VN9 will provide a net invoice - less holdback.

6. **COMPATIBLE INCENTIVE/ALLOWANCE PROGRAMS:**

Vehicles enrolled in the 2008 Model Year Daily Rental Purchase Program are not eligible for any other fleet/retail program, including, but not limited to, the Dealer Fleet Ordering Assistance Program (VQ), and any General Motors Dealer Rent A Car program.

7. **METHOD OF APPLICATION:** Not Applicable.

8. **METHOD OF PAYMENT:**

Check to title holder or financial institution upon receipt and clearance of proper paperwork at an approved GM turn-in site and General Motors Corporation.

Purchase payment is made in the form of a check to the title holder or financial institution at the address shown on the title, or address information received in the form of a RAVE record, unless prior arrangements are made.

The Payment Modification System (PMS) provides an effective method to redirect purchase checks to lending institutions as co-payee with the titled owner.

If a lender and a daily rental operator desire co-payee/redirection, please direct requests for additional information in writing to:

9. **FINAL DATE FOR SUBMISSION OF APPLICATIONS AND RESOLUTION OF ALL APPLICABLE REJECTS:** Not Applicable

10. **POLICY FOR CORRECTING VEHICLE PROGRAM STATUS:**

Units are eligible to be moved from one program type to another upon submitted request to General Motors. Based on verification and approval by General Motors, vehicles will be invoice adjusted in BARS to reflect a change in program enrollment. BARS will electronically transmit an updated Enrollment Record to RIMS within 3 business days thereby acknowledging the change through out all General Motors systems. For example, units can be moved from long-term tiered depreciation programs to short-term flat rate depreciation programs or vice versa. Some examples of acceptable situations are errors due to GM VOMS order editing tables and customer/dealer order entry (Note: Examples listed are not intended to be an inclusive list of acceptable reasons for change. Other reasons may also be valid).

General Motors will make every effort to accommodate request to rectify errors in program status. Unfortunately General Motors can not correct program status errors outside of its control. It is the responsibility of the rental account to identify such problems and make request on a VIN detail basis prior to the vehicle entering the auction process. Changes will not be considered after the vehicle has a valid Grounding Record in RIMS.

Request for program change on 2008 model year vehicles must be made prior to December 31, 2008 and 15 business days prior to a valid grounding record in RIMS. No change will be considered on in-service vehicles outside of this policy.

11. **OTHER PROGRAM GUIDELINES:**

A. This is the General Motors guideline regarding the definition of a "rental" vehicle:

"The bona fide rental of a vehicle involving use and payment by a customer on an hourly, daily, weekly, or monthly basis. Usage of any such vehicle(s) by a customer for a period of four (4) consecutive months or longer shall be deemed to constitute leasing and not rental and will make the vehicle ineligible for purchase."

In the event a vehicle enrolled in the Daily Rental Purchase Program is found to be on-rent (lease) to a customer in excess of the above guideline, or if the customer consecutively rents multiple enrolled vehicles for an aggregate term of four (4) or more months, all vehicles involved in such transactions will not be considered rental and will be ineligible for purchase. If necessary, General Motors will audit the rental company to ensure compliance with this guideline.

GENERAL MOTORS CORPORATION
2008 MODEL YEAR PURCHASE-RENTAL RECLASSIFICATION PROGRAM

1. **PROGRAM NAME AND NUMBER:**

2008 Model Year Purchase-Rental Reclassification Program for Daily Rental Operators
Program Code: CDZ
Program No. 04-08RCL-1

2. **PROGRAM DESCRIPTION/RULES:**

Vehicles eligible for the repurchase-rental reclassification program must have an average of [REDACTED] miles prior to resale in the used car market. Eligible GM models are detailed in Attachment 4A. It is the rental account's responsibility to maintain on file verification of vehicle mileage at the time the vehicle is sold in the used car market. GM reserves the right to audit the rental company to insure compliance with this guideline. Excluded from the mileage average would be those units deemed total loss damage/scrapped units as identified in a total application verification file submitted by the rental account, which will include units ineligible for return under the program guidelines, in conjunction with the electronic data file required for RIMS processing.

Rental customers must submit [REDACTED] of the total agreed to contractual volume (excluding any rejected turnback units), before GM will process a reclassification application. All submissions must be identified by VIN through electronic media transmission to GM – (C3 De-Enroll File Format.) Once processed, these units will be identified in the GM's auction system (RIMS) as permanent auction rejects and will be ineligible for return to GM.

Rental customers may post repurchase daily rental purchase vehicles for sale on GMAC's SmartAuction website before being returned to GM. However, vehicles posted for sale must be de-enrolled from the repurchase program (whether they sell on SmartAuction or not). They may be included in the reclassification program subject to the other terms and conditions of this Program.

Permanently rejected auction vehicles are also considered ineligible for reclassification incentive allowances (See Attachment 4A for specific incentive allowances) and will not count toward the [REDACTED] submission. No exceptions will be made, including but not limited for reasons of frame, fire or flood damage, for the 2008 model year reclassification program.

Vehicles previously turned-in and accepted by a GM-Sponsored Auction location are not eligible for reclassification.

Vehicles selected for reclassification by the rental customer, which are not deemed "permanent rejects" must have been used exclusively in daily rental business, and must comply with the terms and conditions outlined in GM's National Fleet Purchase Program for the appropriate 2008 model year.

3. **APPLICATION FOR PAYMENT:**

Application for payment will be accepted on a quarterly basis. Reclassification applications must be submitted to RIMS using an FTP service i.e. FileDrive in the DE_ENROLL file format.

Final date of submission for payment for the 2008 Model Year: June 30, 2010.

4. **OTHER PROGRAM GUIDELINES:**

Rental customer agrees to retain any documents or records relevant to vehicles purchased under this program and/or claims submitted for payment under this program for two years after the close of this program. Rental customer agrees to permit any designated representative of GM to examine audit and take copies of any accounts and records the rental customer is to maintain under this program. The rental customer agrees to make such accounts readily available at its facilities during regular business hours. GM agrees to furnish the rental customer with a list of any reproduced records.

GM reserves the right to cancel, amend, revise or revoke any program at any time based on its sole business judgements. Final decisions in all matters relative to the interpretation of any rule or phase of this activity rests solely with General Motors.

- H. Canceled fleet orders must be credited and rebilled as retail stock. You should contact your regional office.

10. **GENERAL POLICY GUIDELINES:**

- A. All General Motors general guidelines and definition of terms relative to incentive programs that were supplied to your dealership apply to this program. Refer to GM dealer sales allowance and incentive manual.
 - B. General Motors reserves the right to cancel, amend, revise or revoke any program at any time based on its sole business judgment. Final decisions in all matters relative to interpretation of any rule or phase of this activity rest solely with General Motors.
 - C. General Motors reserves the right to audit dealer records and disqualify any sales allowance in the event such sales do not meet the program guidelines. All moneys improperly paid will be charged back to the dealer.
-

D. Dealers must retain records to substantiate their claim to an incentive or allowance. All applications which indicate assignment by the customer to the dealer of a customer incentive must be supported by appropriate documentation retained in the deal file. If dealer records do not support the claim, the dealer will be charged the amount of allowance or incentive paid.

E. Any disputes between the customer and the dealer arising from misunderstandings or ambiguities regarding this program which cannot be resolved by referring to appropriate customer incentive acknowledgment and/or assignment form (sample copy displayed in GM dealer sales allowance and incentive manual), the dealer will incur a debit if the payment has already been credited.

ANY QUESTIONS REGARDING THIS PROGRAM SHOULD BE DIRECTED TO THE FLEET ACTION CENTER AT **1-800-FLEET OP** OR THE RETAIL SALES GROUP.

2008MY GM RENTAL ADVERTISING & PROMOTION GUIDELINES

1. In all mediums, the phrase "X Rental Company features GM vehicles" must be stated in copy size type, and not in disclaimer size type. In print this translates to no smaller than 10 pt. type, and for TV the copy should be larger than the network standard for legal disclaimers of 22 scan lines.
 2. Please note that the phrase must use the word "vehicles" and not "cars."
 3. In TV, the phrase must be on the screen long enough for an average person to notice and read it. For reference purposes, the network standard for the length of time a legal disclaimer must be on the screen is three seconds for the first line and one second for the following lines. Obviously, we would want to be on longer than this if possible.
 4. A full shot of the vehicle must be displayed, particularly in TV ads. We prefer to have our vehicles identifiable by sight as well as in print.
 5. All vehicles must be identified by manufacturer and nameplate, i.e. Chevrolet Blazer, in print next to the vehicle, as well as in any accompanying copy.
 6. In TV spots, the same identification must be in print or given verbally.
 7. All vehicles used in rental car spots must be stock vehicles, with no alterations.
 8. Any person in a moving vehicle must be shown with their seatbelt on. This point is non-negotiable.

EQUIPMENT & SERVICE NOTIFICATION

New vehicles that include OnStar, and are ordered using a daily rental order-type designation, will be eligible for one year of OnStar commencing with the reported new vehicles delivery date. Unless otherwise stipulated in an agreement between OnStar and the rental company, only OnStar Safe and Sound service levels will be available while any vehicle is in daily rental service. For daily rental applications, an OnStar blue button press may be handled by a recorded message or a live advisor. Specific processes for managing services like remote door unlocks, stolen vehicle assistance, and assuring renter privacy are either already in place with the rental company or will be established upon request.

Daily rental accounts agree to include the following or other approved language in the rental contract to describe OnStar services that may be available:

I understand that my rental Vehicle may be equipped with the OnStar system that may provide emergency services, navigation assistance, and other OnStar Services ("Services") and I expressly authorize the Services. I understand that Services are provided subject to the OnStar Terms and Conditions available by calling 1-888-466-7827. SERVICES REQUIRES VEHICLE ELECTRICAL SYSTEM AND EQUIPMENT, WIRELESS SERVICE AND SATELLITE TECHNOLOGIES TO BE AVAILABLE AND OPERATING FOR THE ONSTAR SYSTEM TO FUNCTION PROPERLY. ALL SERVICES ARE NOT AVAILABLE EVERYWHERE, PARTICULARLY IN REMOTE OR ENCLOSED AREAS, OR AT ALL TIMES. All Services are not available on all rental vehicles. OnStar acts as a link to existing emergency and other service providers. OnStar cannot promise that any service providers will respond in a timely manner or at all. If the OnStar advisor does not hear a request for assistance from the vehicle occupants, the advisor will not contact emergency service providers. Services are limited and neither OnStar nor the rental company is liable for conditions or services outside their control.

Any information (e.g. navigation assistance) provided through the Services is on an "as is" basis and OnStar, its service providers and the rental company shall not be liable to me or any user of the Services in connection with the use of such information. I agree to release and hold the rental company and the OnStar service providers harmless for any OnStar system failures. I also agree to limit claims against OnStar for damages for any losses under any theory to the pro rata portion of my fees for use of the rental vehicle for one day.
