FORM 8-K

CURRENT REPORT

Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

Date of Report (Date of Earliest Event Reported): October 31, 2024

Avis Budget Group, Inc.

(Exact Name of Registrant as Specified in its Charter)

Delaware
(State or Other Jurisdiction of Incorporation)

001-10308
(Commission File Number)

06-0918165
(IRS Employer Identification Number)

379 Interpace Parkway
Parsippany, NJ
(Address of Principal Executive Offices)

07054
(Zip Code)

Registrant's telephone number, including area code (973) 496-4700

N/A

(Former name or former address if changed since last report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, Par Value \$0.01	CAR	The Nasdaq Global Select Market

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 2.02 Results of Operations and Financial Condition.

On October 31, 2024, Avis Budget Group, Inc. (the "Company") reported its third quarter 2024 results. The third quarter 2024 results are discussed in detail in the press release attached hereto as Exhibit 99.1, which is incorporated herein by reference.

The information in this item, including Exhibit 99.1, is being furnished, not filed. Accordingly, the information in this item will not be incorporated by reference into any registration statement filed by the Company under the Securities Act of 1933, as amended, unless specifically identified therein as being incorporated therein by reference.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits.

Senior Vice President and Chief Accounting Officer

Date: October 31, 2024

Avis Budget Group Reports Third Quarter Results

PARSIPPANY, N.J., October 31, 2024 - Avis Budget Group, Inc. (**NASDAQ: CAR**) announced financial results for third quarter 2024 today.

We ended the quarter with revenues of nearly \$3.5 billion, net income of \$238 million, and Adjusted EBITDA¹ of \$503 million.

“We maintained a strong focus on pricing throughout the quarter, prioritizing higher margin business which allowed us to keep our revenue per day stable with the Americas nearly flat,” said Joe Ferraro, Avis Budget Group Chief Executive Officer. “Vehicle utilization improved by approximately 2 points throughout the Company as we exercised strong fleet discipline. Our U.S. model year 2025 buy is well underway and expected to drive significant savings as these vehicles are rotated into our fleet. Lastly, the holidays look strong, and we believe we are well positioned to capitalize on this demand.”

Q3 HIGHLIGHTS

- Revenues of nearly \$3.5 billion with pricing down 2% and rental days in line with third quarter 2023.
- Adjusted EBITDA in the Americas was \$384 million, driven by an improvement of vehicle utilization of more than one point and strong summer pricing, offset by higher fleet costs as compared to third quarter 2023.
- Adjusted EBITDA in International was \$139 million, driven by a 5% increase in rental days as well as vehicle utilization improvement of more than three points as compared to third quarter 2023.
- Issued \$700 million of unsecured Senior Notes and used the proceeds to repay outstanding borrowings under our secured floating rate term loan due 2029 in October with the additional proceeds invested in our fleet.
- We repurchased approximately 526,000 shares of common stock for a total of nearly \$43 million through October 30th.

Our liquidity position, including committed and uncommitted facilities, at the end of the quarter was over \$1.2 billion, with an additional \$3.2 billion of fleet funding capacity after giving effect to a reduction in our asset-backed variable-funding financing facilities effective November 1. We have well-laddered corporate debt and have no meaningful maturities until 2027.

¹Adjusted EBITDA and certain other measures in this release are non-GAAP financial measures. See "Non-GAAP Financial Measures and Key Metrics" and the tables that accompany this release for the definitions and reconciliations of these non-GAAP measures to the most comparable GAAP measures.

INVESTOR CONFERENCE CALL

We will host a conference call to discuss our third quarter results on November 1, 2024, at 8:30 a.m.(ET). Investors may access the call on our investor relations website at ir.avisbudgetgroup.com or by dialing (877) 407-2991. A replay of the call will be available on our website and at (877) 660-6853 using conference code 13743687.

ABOUT AVIS BUDGET GROUP

We are a leading global provider of mobility solutions, both through our Avis and Budget brands, which have approximately 10,250 rental locations in approximately 180 countries around the world, and through our Zipcar brand, which is the world's leading car sharing network. We operate most of our car rental locations in North America, Europe and Australasia directly, and operate primarily through licensees in other parts of the world. We are headquartered in Parsippany, N.J. More information is available at avisbudgetgroup.com.

NON-GAAP FINANCIAL MEASURES AND KEY METRICS

This release includes financial measures such as Adjusted EBITDA and Adjusted Free Cash Flow, as well as other financial measures, that are not considered generally accepted accounting principle ("GAAP") measures as defined under SEC rules. Important information regarding such non-GAAP measures is contained in the tables within this release and in Appendix I, including the definitions of these measures and reconciliations to the most comparable GAAP measures.

We measure performance principally using the following key metrics: (i) rental days, (ii) revenue per day, (iii) vehicle utilization, and (iv) per-unit fleet costs. Our rental days, revenue per day and vehicle utilization metrics are all calculated based on the actual rental of the vehicle during a 24-hour period. We believe that this methodology provides management with the most relevant metrics in order to effectively manage the performance of our business. Our calculations may not be comparable to the calculations of similarly-titled metrics by other companies. We present currency exchange rate effects on our key metrics to provide a method of assessing how our business performed excluding the effects of foreign currency rate fluctuations. Currency exchange rate effects are calculated by translating the current-period's results at the prior-period average exchange rates plus any related gains and losses on currency hedges.

FORWARD-LOOKING STATEMENTS

Certain statements in this press release constitute "forward-looking statements" as that term is defined in the Private Securities Litigation Reform Act of 1995. The forward-looking statements contained herein are subject to known and unknown risks, uncertainties, assumptions and other factors that may cause our actual results, performance or achievements to be materially different from those expressed or implied by any such forward-looking statements. Forward-looking statements include information concerning our future financial performance, business strategy, projected plans and objectives. These statements may be identified by the fact that they do not relate to historical or current facts and may use words such as "believes," "expects," "anticipates," "will," "should," "could," "may," "would," "intends," "projects," "estimates," "plans," "forecasts," "guidance," and similar words, expressions or phrases. The following important factors and assumptions could affect our future results and could cause actual results to differ materially from those expressed in such forward-looking statements. These factors include, but are not limited to:

- the high level of competition in the mobility industry, including from new companies or technology, and the impact such competition may have on pricing and rental volume;*
- a change in our fleet costs, including as a result of a change in the cost of new vehicles, resulting from inflation or otherwise, manufacturer recalls, disruption in the supply of new vehicles, including due to labor actions or otherwise, shortages in semiconductors used in new vehicle production, and/or a change in the price at which we dispose of used vehicles either in the used vehicle market or under repurchase or guaranteed depreciation programs;*

- *the results of operations or financial condition of the manufacturers of our vehicles, which could impact their ability to perform their payment obligations under our agreements with them, including repurchase and/or guaranteed depreciation arrangements, and/or their willingness or ability to make vehicles available to us or the mobility industry as a whole on commercially reasonable terms or at all;*
- *levels of and volatility in travel demand, including future volatility in airline passenger traffic;*
- *a deterioration in economic conditions, resulting in a recession or otherwise, particularly during our peak season or in key market segments;*
- *an occurrence or threat of terrorism, pandemics, severe weather events or natural disasters, military conflicts, including the ongoing military conflicts in the Middle East and Eastern Europe, or civil unrest in the locations in which we operate, and the potential effects of sanctions on the world economy and markets and/or international trade;*
- *any substantial changes in the cost or supply of fuel, vehicle parts, energy, labor or other resources on which we depend to operate our business, including as a result of pandemics, inflation, the ongoing military conflicts in the Middle East and Eastern Europe, and any embargoes on oil sales imposed on or by the Russian government;*
- *our ability to successfully implement or achieve our business plans and strategies, achieve and maintain cost savings and adapt our business to changes in mobility;*
- *political, economic or commercial instability in the countries in which we operate, and our ability to conform to multiple and conflicting laws or regulations in those countries;*
- *the performance of the used vehicle market from time to time, including our ability to dispose of vehicles in the used vehicle market on attractive terms;*
- *our dependence on third-party distribution channels, third-party suppliers of other services and co-marketing arrangements with third parties;*
- *risks related to completed or future acquisitions or investments that we may pursue, including the incurrence of incremental indebtedness to help fund such transactions and our ability to promptly and effectively integrate any acquired businesses or capitalize on joint ventures, partnerships and other investments;*
- *our ability to utilize derivative instruments, and the impact of derivative instruments we utilize, which can be affected by fluctuations in interest rates, fuel prices and exchange rates, changes in government regulations and other factors;*
- *our exposure to uninsured or unpaid claims in excess of historical levels and our ability to obtain insurance at desired levels and the cost of that insurance;*
- *risks associated with litigation or governmental or regulatory inquiries, or any failure or inability to comply with laws, regulations or contractual obligations or any changes in laws, regulations or contractual obligations, including with respect to personally identifiable information and consumer privacy, labor and employment, and tax;*
- *risks related to protecting the integrity of, and preventing unauthorized access to, our information technology systems or those of our third-party vendors, licensees, dealers, independent operators and independent contractors, and protecting the confidential information of our employees and customers against security breaches, including physical or cybersecurity breaches, attacks, or other disruptions, compliance with privacy and data protection regulation, and the effects of any potential increase in cyberattacks on the world economy and markets and/or international trade;*
- *any impact on us from the actions of our third-party vendors, licensees, dealers, independent operators and independent contractors and/or disputes that may arise out of our agreements with such parties;*
- *any major disruptions in our communication networks or information systems;*

- risks related to tax obligations and the effect of future changes in tax laws and accounting standards;
- risks related to our indebtedness, including our substantial outstanding debt obligations, recent and future interest rate increases, which increase our financing costs, downgrades by rating agencies and our ability to incur substantially more debt;
- our ability to obtain financing for our global operations, including the funding of our vehicle fleet through the issuance of asset-backed securities and use of the global lending markets;
- our ability to meet the financial and other covenants contained in the agreements governing our indebtedness, or to obtain a waiver or amendment of such covenants should we be unable to meet such covenants;
- significant changes in the assumptions and estimates that are used in our impairment testing for goodwill or intangible assets, which could result in a significant impairment of our goodwill or intangible assets; and
- other business, economic, competitive, governmental, regulatory, political or technological factors affecting our operations, pricing or services.

We operate in a continuously changing business environment and new risk factors emerge from time to time. New risk factors, factors beyond our control, or changes in the impact of identified risk factors may cause actual results to differ materially from those set forth in any forward-looking statements. Accordingly, forward-looking statements should not be relied upon as a prediction of actual results. Moreover, we do not assume responsibility if future results are materially different from those forecasted or anticipated. Other factors and assumptions not identified above, including those discussed in "Management's Discussion and Analysis of Financial Condition and Results of Operations," set forth in Part II, Item 7, in "Risk Factors," set forth in Part I, Item 1A, and in other portions of our 2023 Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC") on February 16, 2024 (the "2023 Form 10-K"), as well as in similarly titled sections set forth in Part I, Item 2 and Part II, Item 1A of our subsequently filed quarterly reports, may cause actual results to differ materially from those projected in any forward-looking statements.

Although we believe that our assumptions are reasonable, any or all of our forward-looking statements may prove to be inaccurate and we can make no guarantees about our future performance. Should unknown risks or uncertainties materialize or underlying assumptions prove inaccurate, actual results could differ materially from past results and/or those anticipated, estimated or projected. We undertake no obligation to release any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events. For any forward-looking statements contained in any document, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. For additional information concerning forward-looking statements and other important factors, refer to our 2023 Form 10-K, Quarterly Reports on Form 10-Q and other filings with the SEC.

Our calculation of rental days and revenue per day may not be comparable to the calculation of similarly-titled metrics by other companies. Currency exchange rate effects are calculated by translating the current-period's results at the prior-period average exchange rates plus any related gains and losses on currency hedges.

Avis Budget Group, Inc.
DEFINITIONS OF NON-GAAP MEASURES AND KEY METRICS

Adjusted EBITDA

The accompanying press release presents Adjusted EBITDA, which is a non-GAAP measure most directly comparable to net income (loss). Adjusted EBITDA is defined as income (loss) from continuing operations before non-vehicle related depreciation and amortization; any impairment charges; restructuring and other related charges; early extinguishment of debt costs; non-vehicle related interest; transaction-related costs, net; legal matters, which includes amounts recorded in excess of \$5 million related to class action lawsuits and personal injury matters; non-operational charges related to shareholder activist activity, which includes third-party advisory, legal and other professional fees; COVID-19 charges, net; cloud computing costs; other (income) expense, net; and income taxes.

We believe Adjusted EBITDA is useful to investors as a supplemental measure in evaluating the performance of our operating businesses and in comparing our results from period to period. We also believe that Adjusted EBITDA is useful to investors because it allows them to assess our results of operations and financial condition on the same basis that management uses internally. Adjusted EBITDA is a non-GAAP measure and should not be considered in isolation or as a substitute for net income or other income statement data prepared in accordance with U.S. GAAP. Our presentation of Adjusted EBITDA may not be comparable to similarly titled measures used by other companies. A reconciliation of Adjusted EBITDA from net income (loss) recognized under GAAP is provided on Table 5.

Adjusted Free Cash Flow

Represents net cash provided by operating activities adjusted to reflect the cash inflows and outflows relating to capital expenditures, the investing and financing activities of our vehicle programs, asset sales, if any, and to exclude debt extinguishment costs, transaction-related costs, restructuring and other related charges, charges for legal matters, net, which includes amounts recorded in excess of \$5 million related to class action lawsuits and personal injury matters, COVID-19 charges, other (income) expense, and non-operational charges related to shareholder activist activity. We believe that Adjusted Free Cash Flow is useful to management and investors in measuring the cash generated that is available to be used to repay debt obligations, repurchase stock, pay dividends and invest in future growth through new business development activities or acquisitions. Adjusted Free Cash Flow should not be construed as a substitute in measuring operating results or liquidity, and our presentation of Adjusted Free Cash Flow may not be comparable to similarly-titled measures used by other companies. A reconciliation of Adjusted Free Cash Flow from net cash provided by operating activities recognized under GAAP is provided on Table 5.

Adjusted EBITDA Margin

Represents Adjusted EBITDA as a percentage of revenues.

Available Rental Days

Defined as Average Rental Fleet times the numbers of days in a given period.

Average Rental Fleet

Represents the average number of vehicles in our fleet during a given period of time.

Currency Exchange Rate Effects

Represents the difference between current-period results as reported and current-period results translated at the prior-period average exchange rates plus any related currency hedges.

Net Corporate Debt

Represents corporate debt minus cash and cash equivalents.

Net Corporate Leverage

Represents Net Corporate Debt divided by Adjusted EBITDA for the twelve months prior to the date of calculation.

Per-Unit Fleet Costs

Represents vehicle depreciation, lease charges and gain or loss on vehicles sales, divided by Average Rental Fleet.

Rental Days

Represents the total number of days (or portion thereof) a vehicle was rented during a 24-hour period.

Revenue per Day

Represents revenues divided by Rental Days.

Vehicle Utilization

Represents Rental Days divided by Available Rental Days.
